

Commercial Fit-Out

The only constant is change...
...let us help to transform **YOUR** office environment.

Partitioning

Whatever the fit-out or refurbishment project demands - from straightforward sound, fire or vision screening to a complex multi-functional specification. We can offer a tailored solution to satisfy any requirement.

Planning & Design

It is so important when deciding on a refurbishment project that the chosen layout is that which best suits the needs of your business for the present day and also for the future. We will plan and design the blue print to suit your specification to include for all interior design requirements.

Designing you a better environment.

Wallcovering

For little cost and disruption, we can provide a range of stylish and modern wallcoverings that can completely transform the look of any office interior. Whether you want a complete new look or want to bring a "tired" office up to date, we have a fantastic collection to choose from.

Flooring

A busy commercial environment requires a flooring solution that is equally aesthetically pleasing and durable to ensure it lasts through years of heavy usage. We offer a range of commercial flooring products to suit. Whether you're looking for carpet tiles or a heavy duty vinyl covering.

Suspended Ceilings

We offer the full range of suspended ceiling systems from standard modular grid layouts, through to high performance and architectural specifications. Whether the application is for a low budget ceiling or a reception area where visual impact is important, we have the system that suits.

Mezzanine Floors & Racking

Mezzanine floors can transform your available space - in some instances doubling the floor area of the building. This can give you much greater space without expensive building work or having to move premises. There is minimal disruption due to fast installation times for both commercial and industrial use. We also offer a full racking service, which can give you versatile storage for direct access to each and every pallet providing excellent stock control.

Office Furniture

From budget through to executive ranges, we offer a functional aesthetically pleasing solution to suit your requirements.

Reception Area

Our furniture specialists have a wealth of industry experience and are able to select and recommend products that work for you and complement your office environment.
